Dearest Jon, Tina and Cecily,

I would like to thank you for your kindness and caring during the most difficult time of my life. There is no doubt in my mind why the Lord directed you and your family to this service. I knew when I spoke with you and your daughter that morning of January 13<sup>th</sup>, 2009 that I wanted my daughter, Danelle, to come back to West Sacramento to your funeral home where warmth and sincere care was felt.

Jon, thank you for taking care of her and giving me, Charlie and my family the gift of being able to be with my daughter all those days. While my heart aches and I miss her dearly, being able to spend that time with her, warmed my soul and will always be cherished. I will hold 1 John 2:25 close to my heart until I see Danelle again. "This is the promise that He has promised us-eternal life." I know that I will be reunited with her again and share the joys of death conquered by the Savior. I trust in His unfailing promise.

The funeral service was perfect and I thank you and your family again for your personal touch and reaching out and touching our hearts.

With Sincere Appreciation,  
Essie Saldana
